

## How to Log in

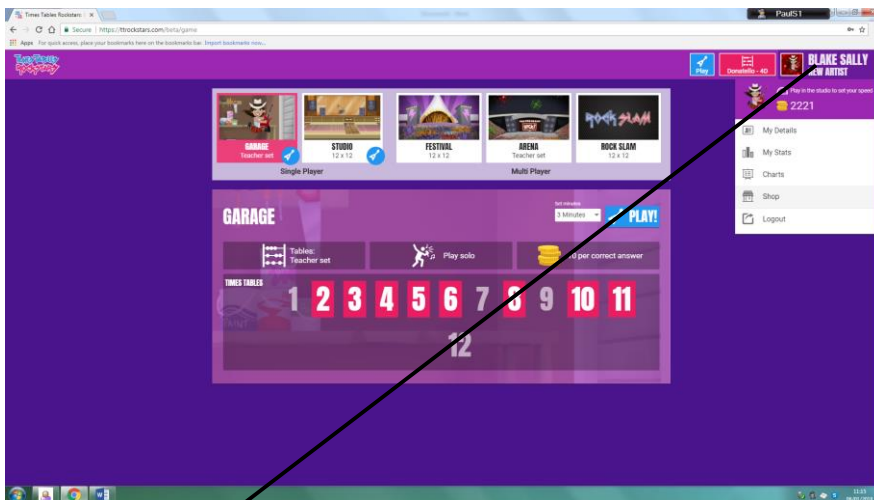

Type in Central Park Primary School which will appear in a drop-down menu.

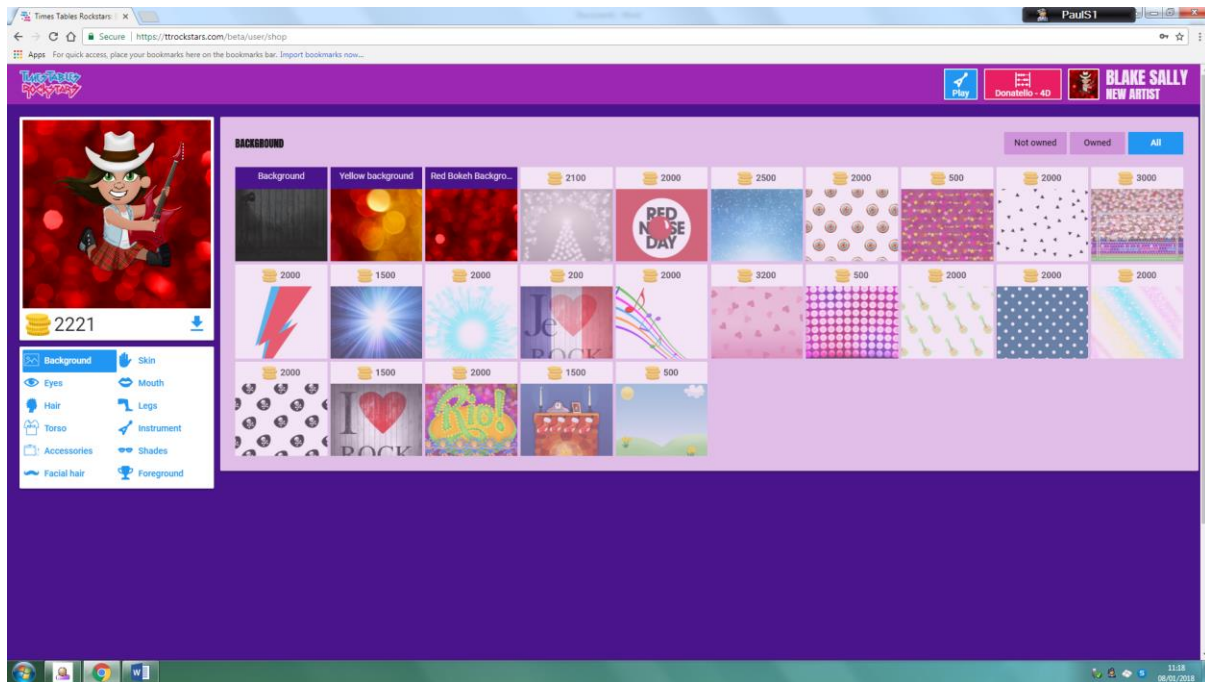

Then type in your user name and password as given to you on your welcome letter.

*When you first log in it will ask you to choose a Rock Star name. This is the name you will go by when using this program. This cannot be changed so pick carefully.*

## Changing your Avatar

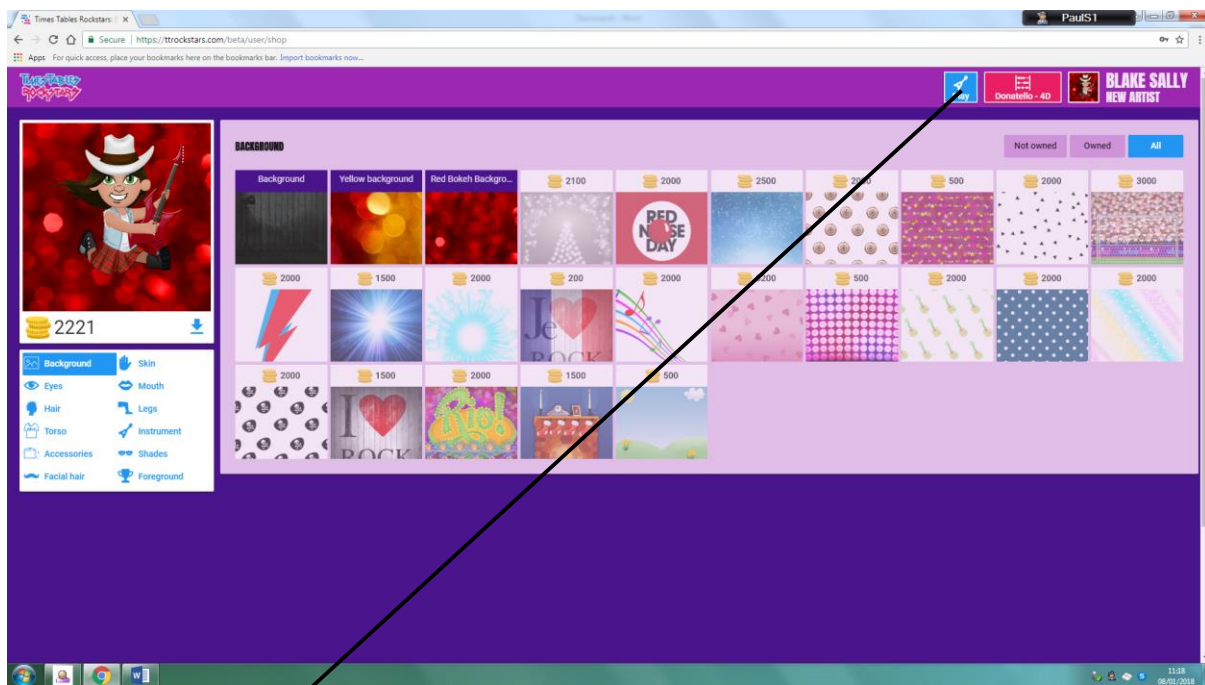

Click on the your Rocks Star name and then Click the Shop button

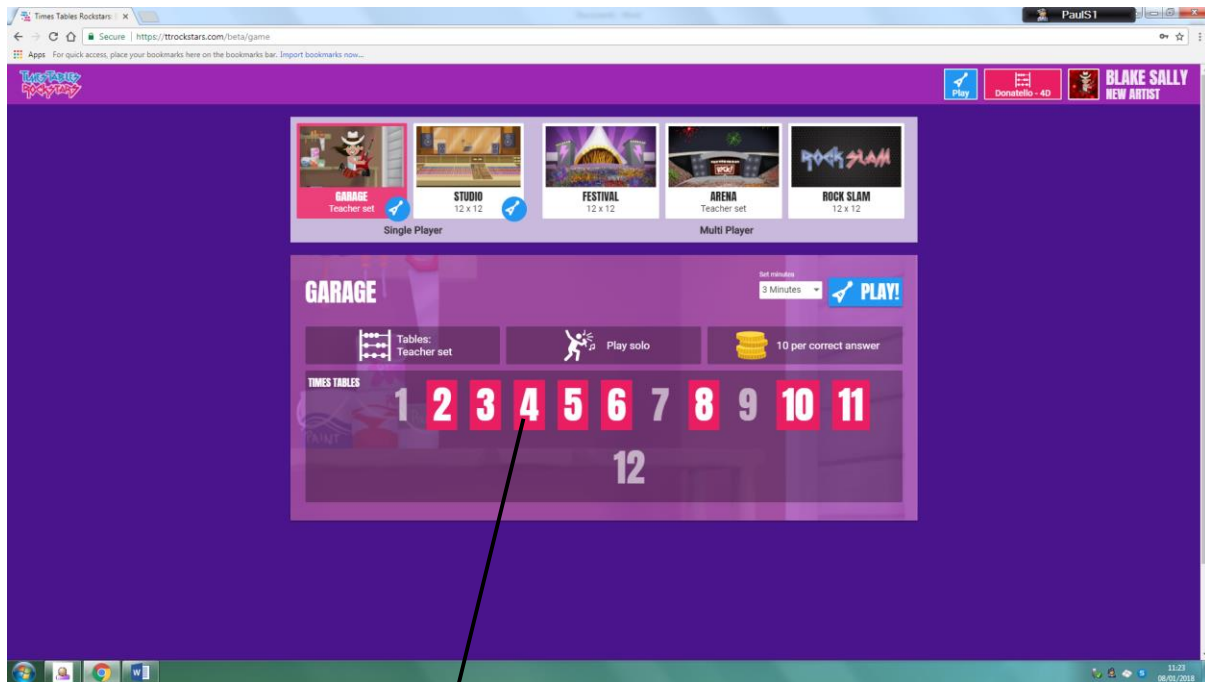

This is where you can change what your avatar wears and the way it looks. You can update your avatar by spending money you earn. The more you play the more money you make.

## Play Games (Homework)

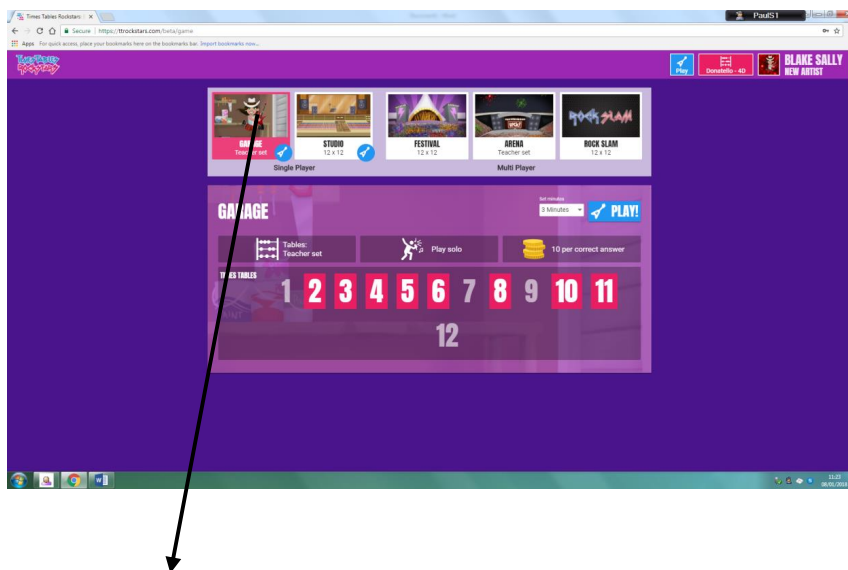

Clicking on the Play tab takes you to the Games Section

This is the main Play section.

The boxes highlighted in red are the times tables that have been set by your teacher which will change from time to time. You will be tested on these tables when you play in the garage section

## What do I do for my Homework?

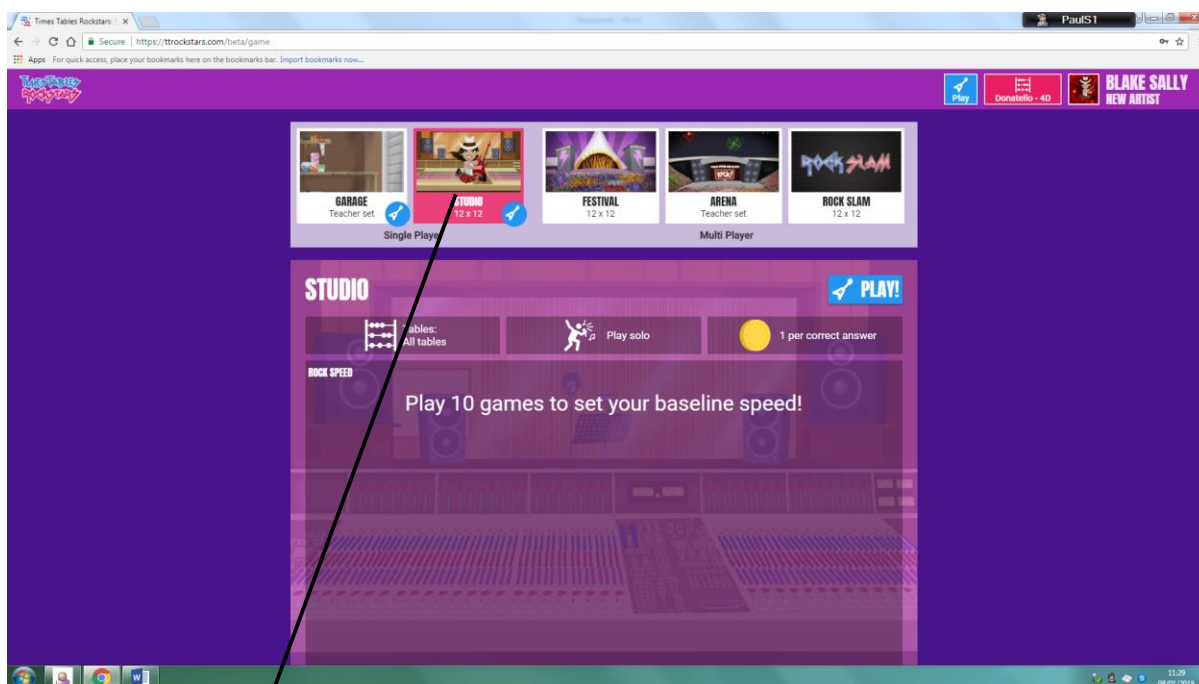

## Garage.

This is your main homework section. This is the section that your teacher has sets up.

- Year 2 needs to be doing 20 mins per week to improve their table knowledge.
- Years 3 to 6 needs to spend 30 mins as a minimum across a week.

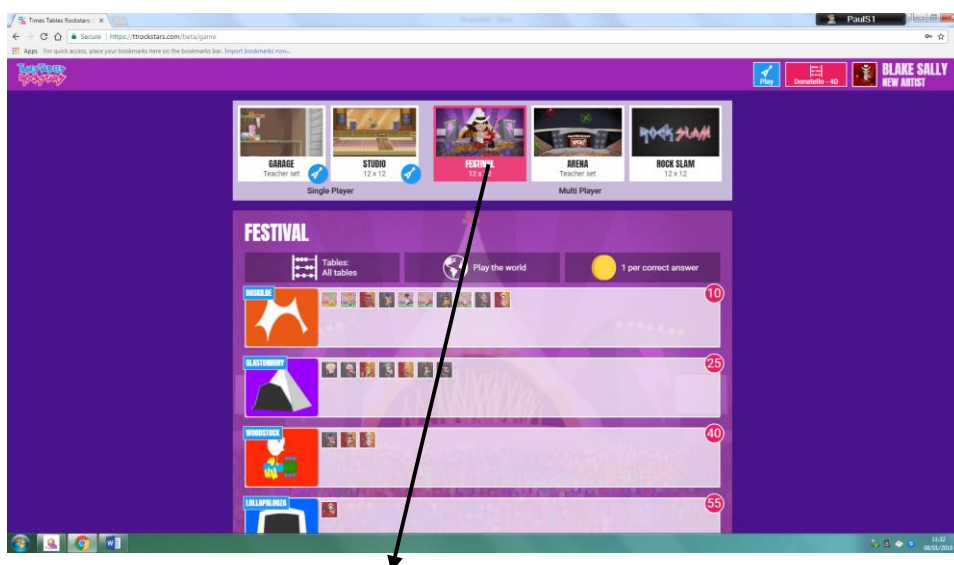

## Studio

Studio is a section you play against yourself and it will set your baseline speed once you have played 10 games. Be Aware – this is not set by the teacher so will include all tables up to 12 x 12. If you like a challenge then this is great for you.

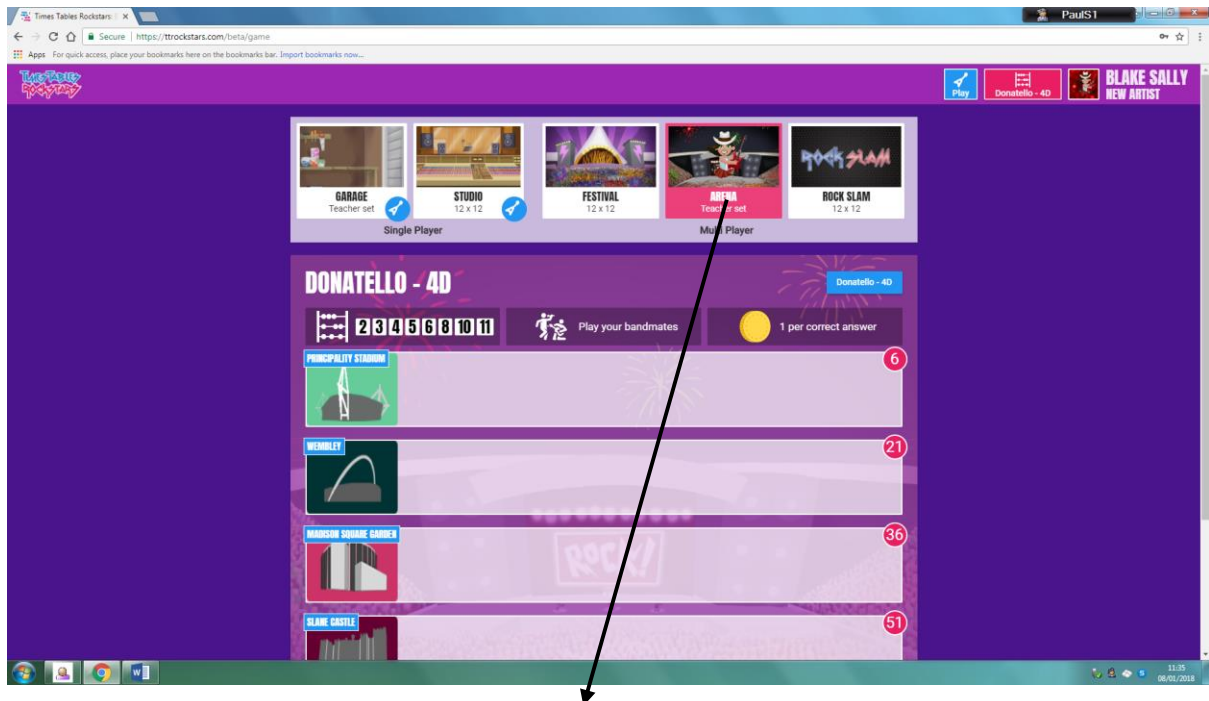

Years 4 5 and 6 can be doing this one anyway. Years 2 and 3, it up to you.

## Festival

This is where you can play other users from different schools. Join a game and challenge them. Again this is up to 12 x 12. This is a safe game as there is no way to communicate with other users.

## Arena

This is where you can challenge others in your class if they happen to be online at the same time. This has also been set by the teacher so will only the class focus tables.

## Rock Slam

Rock slam is a more competitive section that once you are more proficient you might want to have a look at.

Now all you have to do is Rock your way to knowing your tables.

Remember: Times Table Rock Stars can be played on the computer but it can also be played on other Smart Devices that can be downloaded for free from the App store and through Android. Such devices include iphones, ipads, ipods, Android smart devices etc.

If you have any problems do come and see me.

Have fun

Mr Strange
