Data Protection Act (2018): How we use pupil information at Central Park Primary School

We collect and hold personal information relating to our pupils and may also receive information about them from their previous school, local authority and/or the Department for Education (DfE). We use this personal data to:

- support our pupils' learning
- monitor and report on their progress
- provide appropriate pastoral care; and
- assess the quality of our services
- to comply with the law regarding data sharing

This information will include their personal information, contact details, national curriculum assessment results, attendance information, any exclusion information, where they go after they leave us and personal characteristics such as their ethnic group, any special educational needs they may have as well as relevant medical information.

We will not share information about our pupils to anyone without your consent unless the law and our policies allow us to do so. If you want to receive a copy of the information about your son/daughter that we hold, please contact the school office.

We are required, by law, **section 3 of The Education (information about Individual Pupils(England) Regulations 2013)** to pass some information about our pupils to the Department for Education (DfE). This information will, in turn, then be made available for use by the Local Authority.

The DfE may also share with third parties the pupil level personal data that we supply to them. This will only take place where legislation allows it to do so and it is in compliance with the **General Data Protection Regulation (GDPR) (2018) and the Data Protection Act (2018)**.

Decisions on whether DfE releases this personal data to third parties are subject to a robust approval process and are based on a detailed assessment of who is requesting the data, the purpose for which it is required, the level and sensitivity of data requested and the arrangements in place to store and handle the data. To be granted access to pupil level data, requestors must comply with strict terms and conditions covering the confidentiality and handling of data, security arrangements and retention and use of the data.

For more information on how this sharing process works, please visit: <https://www.gov.uk/guidance/national-pupil-database-apply-for-a-data-extract>

The National Pupil Database (NPD) is owned and managed by the DfE and contains information about pupils in schools in England. For information on which third party

organizations (and for which project) pupil level data has been provided to, please visit: <https://www.gov.uk/government/publications/national-pupil-database-requests-received>

If you need more information about how the DfE collect and use your information, please visit <https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>
