24th February 2022

Dear Parents/Carers

I hope you and your families are all well. I am sure that you would have seen this week's Government announcement regarding the changes to the self-isolation guidelines. It is wonderful that after two long years, we are edging towards life without Covid restrictions. I know that people have varying opinions about the lifting of these restrictions as we still do have Covid within the community.

The DfE wrote to schools sharing information which I am sharing with you. The bold text comes directly from this email.

Changes to self-isolation and daily testing of close contacts

From Thursday 24 February, the Government will remove the legal requirement to self-isolate following a positive test. Adults and children who test positive will continue to be advised to stay at home and avoid contact with other people for at least 5 full days, and then continue to follow the guidance until they have received 2 negative test results on consecutive days. In addition, the Government will:

No longer ask fully vaccinated close contacts and those aged under 18 to test daily for 7 days, and remove the legal requirement for close contacts who are not fully vaccinated to self-isolate.

Staff, children and young people should attend their education settings as usual. This includes staff who have been in close contact within their household, unless they are able to work from home.

You will see that the advice is for people who have Covid to remain at home for at least 5 full days and then follow the guidance until they have received two negative lateral flows.

Although these are now guidelines rather than a legal requirement, we hope that parents/carers will choose to follow these guidelines. This will help to ensure that our staff remain Covid-free and therefore able to continue to provide high quality education to your children. Your support will hopefully allow us to avoid a situation where we were struggling to staff our classes, as we did at some times before the half term break.

A few weeks ago we asked parents to continue to wear masks when they were on school grounds in order to help reduce the risk of transmission. As I mentioned earlier, members of the school

community feel differently about the changes in restrictions so if you feel able to do so, it would be appreciated if parents would continue to wear masks when attending the school site.

Schools continue to work closely with Local Public Health and the Local Authority and we will continue to follow any decisions made at a local level for schools. We will be continuing to review procedures over the coming weeks as we move back to how things were before Covid. Many thanks for your continued support.

Yours sincerely

Paul AJ Taylor
