

Governor Profile

Name:	Irfaan Ibne
Category of governor:	Co-Opted
Appointed by which body:	Governing Board
Term of Office:	15 May 2019
Member Committee:	Finance, Staffing & Premises
Position within Governing Body:	Link Governor for Parental Engagement & Community - RSE

I have 8 years HR experience in various specialist HR functions including recruitment, employee relations, investigations and workforce. I have worked for the NHS for 11 years currently as a HR Manager/Business Partner.

I am a father of 2 children, and I am passionate about healthcare, recruitment & retention, staff wellbeing, management and equal opportunities. I believe that all children should be entitled to the best education and be continuously challenged to achieve best outcomes. As such, I joined the CPD Federation Governing Body in order to support the staff which as a result will enable our children to excel in their achievements. I am committed to offering my level of HR knowledge and experience to enhance People and Culture processes within the federation, offering support to staff and management.

My skills include but are not limited to project management, management & leadership, policy writing, employee relations and recruitment strategy development.

It is a real honour for me to serve as Governor for the benefit of the CPD Federation.
