Dear Parent/Carer,

Please download the school mobile app, which is available on the Apple and Google App stores. Instructions on how to download the app can be found by clicking on the link below:

[How to download school mobile App](#)

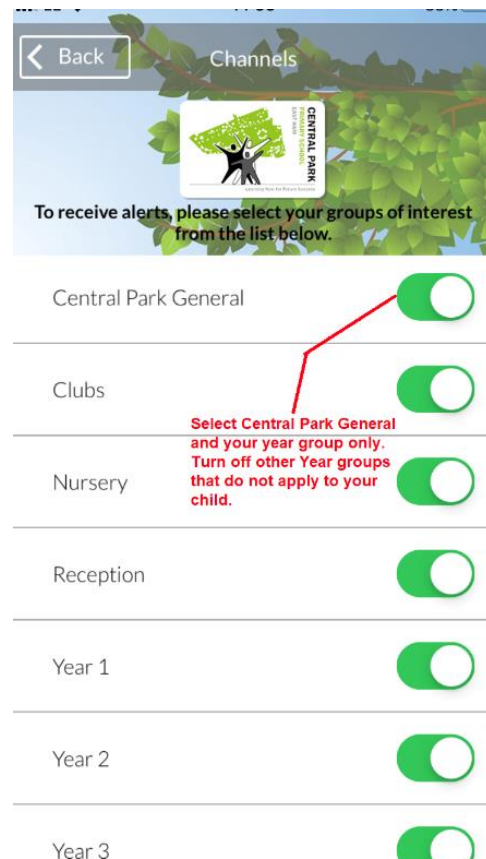

Once you have download the app and have loaded it, you will need to set your year group to receive the correct notifications. Click on the Settings  wheel as shown on the picture below.

Then Click on the Channels as shown in this picture.

You can also select your preferred language from here.

Finally select the “Central Park General” channel for whole school notifications and your child’s year group for e.g. “Year 2” to receive correct school notifications. Remember to turn off all other year group notifications.

Failure to follow these steps will result in Other year group notifications being sent to your device.
