

Our curriculum provides our children with inspirational opportunities that are relevant and generate a lifelong love of learning. We teacher life skills and opportunities to enable our children to be successful now and in the future. It is culturally relevant, engaging and full of celebration and pride.

## WHAT ARE WE LEARNING THIS TERM?

Welcome back Y1! We are delighted to see so many smiling, happy faces in school. We missed seeing everyone in school at the end of the last academic year and getting to meet you all in person, so it has been lovely getting to know you all this term. What a fantastic bunch of children we have this year in Y1!

The children have all been so eager and excited to learn, so we thought we would share a little bit about what they are learning so that you can help them or talk to them about this at home. We will be uploading lessons onto google classroom so please make sure you have joined this too.

This term in Y1 we have been working hard on our **phonics** as this is the foundation to learning to read and write. Please ensure that your child watches and joins in to the additional phonics lessons that we will post onto google classroom as this will help speed up their learning.

In **Science** we are going to be learning about the different animal groups and how animals get classified into these groups.

In **RE**, we are learning about Christianity and how this is similar and different to our own religions and what it means to belong to Christianity. The children will then learn about the Christian celebration of Christmas.

### Key facts we are learning this term:

#### English

We are focusing on writing simple sentences using our capital letters, full stops and finger spaces. We are using our phonics to help us write the sounds we hear.

#### Geography

We are learning about maps and different geographical settings. We will be looking at different human and physical features in and around school as well as Central Park. What do human and physical features mean?

#### Science

In Science are learning about human and animals. This term we have been using our senses to describe the things that we see, hear, touch, and smell. We will be able to name the body parts used for each sense.

### KEY TEACHERS IN THE YEAR GROUP

#### 1W- Miss de Garston-Webb

Phonics Reading Leader and Y1 Year Leader

#### 1R- Miss Randall

Geography Leader

#### 1A- Mrs Ali

DT Leader

#### 1P- Mrs Patel

**Support assistants:** Mrs Burke, Mrs Shamji and Miss Brown

**Pastoral worker:** Mrs Ramjit

### PUPIL COMMENTS:

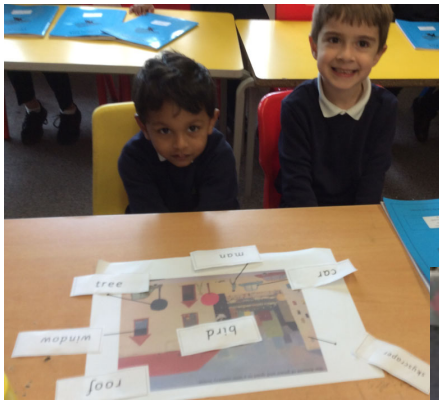

**“I liked printing. The paint was fun.” Juwain– 1P**

**“I liked it when Miss Randall bought in Country Mouse. He squeaked.” Sophia– 1R**

**“I know that more is bigger and less is smaller.” Elyan– 1W**

**“My online safety certificate makes me happy.” Antonia– 1A**

Counting in Maths

Using our senses in Science

### Remote learning update

If your child is self isolating, individually or because the year group bubble has locked down, it is our duty to continue to provide remote learning and we do this through google classroom.

Please ensure you know your google classroom, bug club, TT rockstars and My maths log ins. Please ask your class teacher if you do not have these log in details yet.

IMPORTANT CLASS INFORMATION – KEEP THIS SAFE

Your google classroom login is:  
Password is:

Remember to wear your PE kit on

All website links are on the [weblinks](#) page of the school website

## HOW CAN PARENTS SUPPORT AT HOME?

Ensure your child watches and joins in with the phonics videos send home every Friday.

Ensure your child completes the Friday home-learning every week.

Read to your child.

Get your child to read to you every day. Use the phonics books found on Oxford Owl and the books assigned to your child on Bug Club.
